S.B. No. 719

RECEIVED BY: _____

Introduced by SEN. WIN GATCHALIAN

AN ACT

**EXPANDING THE POWERS AND FUNCTIONS OF THE MOVIE AND
TELEVISION REVIEW AND CLASSIFICATION BOARD TO PROVIDE
FOR THE REGULATION OF VIDEO GAMES AND OUTDOOR MEDIA,
AMENDING FOR THE PURPOSE PRESIDENTIAL DECREE NO. 1986**

EXPLANATORY NOTE

The Movie and Television Review and Classification Board (MTRCB), established by Presidential Decree No. 1986 in 1985, serves an important role in safeguarding our children from violent, obscene, and otherwise harmful material that may endanger their safety and wellbeing. The ratings published by the MTRCB educate parents about the subject matter discussed and portrayed in these media, empowering them to make informed decisions about the kind of media to which they wish to expose their children. This is certainly a worthy undertaking that has been duly accomplished by the MTRCB for almost 30 years now.

However, the mandate of this Board, delineated well before the proliferation of affordable and accessible computer technology, does not cover another potent type of visual media - video games. Since the late 1990s many countries have expanded the functions and powers of their respective movie

and television regulatory bodies to include the review and classification of video games, owing to the increasingly dominant position of video games in visual entertainment worldwide. These regulatory bodies have also focused on ensuring that video games with mature themes do not fall into the hands of those too young to properly process the graphic and violent scenes they are controlling on the screen.

According to the 2009 Nielsen Global Online Consumer Survey, Filipinos are the top consumers of video games in the entire world. In order to ensure the safety and wellbeing of our children, working hand-in-hand with the responsible and nurturing parents and guardians of our great Nation, it is paramount that we upgrade the bureaucracy in the face of new technologies and changing times. Thus, this legislation aims to reorganize the MTRCB into a more versatile body up-to-date with the needs of contemporary Philippine society.

In addition to video games, this legislation also gives MTRCB regulatory powers over the content of outdoor media. Realistically, it is virtually impossible to restrict access of minors to outdoor media since by definition they are prominently displayed in public spaces. Thus, in order to further protect the safety and well-being of our children we must take steps to ensure that obscene outdoor media will be prohibited as necessary. Since the functions of MTRCB already include the review of certain publicity materials, it is logical to delegate the review of outdoor media to this body as well.

Support for the passage and approval of this legislation is earnestly sought.

SHERWIN T. GATCHALIAN
